

WINNING TOUCH®

EQUINE SUPPLEMENTS

SUNSHINE PLUS™

Product Description

Winning Touch® Sunshine Plus™ is a heavily fortified, complete supplement, containing yeast culture and MosPlus™. It is formulated to balance forage diets and to enhance the level of nutrition in stressed performance and breeding horses, young growing horses, horses on low grain diets, and horses with low intakes due to illness. **Winning Touch® Sunshine Plus™** is an excellent "lite" feed for horses that require minimal to no grain.

Features and Benefits

Multiple Protein Sources - A 30% protein supplement containing soybean meal and dried whey ensures quality protein is available to meet the amino acid requirements for young growing foals and to sustain muscle and tissue strength in performance and show horses. **Winning Touch® Sunshine Plus™** will help meet the protein needs of horses fed a restricted level of grain or horses fed low protein grass hay.

Bio-Available Selenium and Vitamin E - Together, selenium and vitamin E act to maintain normal muscle function, aid in the prevention of muscular disease, and provide antioxidant protection to body tissue from oxidation induced damage. Overall health and performance is maintained by these important immune system nutrients, especially during times of stress.

Chelated Zinc, Copper and Manganese - The greater absorption and utilization of zinc, copper and manganese helps meet the increased needs for bone, muscle and tissue strength in active horses. Overall reproductive performance and efficiency is sustained in breeding mares and stallions.

B-Complex Vitamins (including Biotin) - Added B vitamins aid in the efficient breakdown and transformation of nutrients into usable energy, especially during conditions of stress. B vitamins are involved in the maintenance and strength of growing bones and joints, as well as the maintenance and production of healthy skin, hair and hoof tissues.

Yeast Culture - Promotes a functional microbial fermentation in the horse cecum and colon, sustaining nutrient digestibility and utilization with fewer stress-related digestive problems.

MosPlus™ - Supports the presence of beneficial bacteria in the digestive tract, resulting in an active and healthy intestinal environment.

Suggested Feeding Recommendations:

note: Three 8 oz. measuring cups contain approximately 1 lb. of **Winning Touch® Sunshine Plus™**.

	<u>Sunshine Plus™</u> As a supplement <i>in addition to</i> a balanced Blue Seal® Grain ration.	<u>Sunshine Plus™</u> As a supplement with <i>low</i> <i>to no</i> additional grain ration.
Sucklings and Weanlings	0.25 - 0.50 lb.	0.50 - 1.00 lb.
Yearlings and 2-Year Olds	0.50 - 1.00 lb.	1.00 - 1.50 lbs.
Pregnant Mares and Stallions	0.50 - 1.00 lb.	1.00 - 1.50 lbs.
Lactating Mares	0.75 - 1.50 lbs.	1.50 - 2.00 lbs.
Performance and Show Horses	0.50 - 1.00 lb.	1.00 - 2.00 lbs.

*The suggested feeding program above is intended solely as a guide. The amount and nutritional composition of additional feed and/or hay fed will dictate the level of **Winning Touch® Sunshine Plus™** required. The variables of management, environment, and breed will also dictate changes in the horses' requirements.*
